## PRODUCTION CONTROL MANAGER

United Alloy, a premier Rock County metal fabrication and powder painting company in Janesville, Wisconsin, has an opening for a Production Control Manager. This position is responsible for directing and coordinating activities of the production control, purchasing, and scheduling functions of the organization; designing and executing strategies that are tied to specific action plans, which allow plant production to satisfy customer expectations and meet the company's financial expectations; and work with shipping to ensure shipments go out on time to our customers.

Some of the qualifications for this position include a Bachelor's degree in Business Administration, Supply Chain Management, or related field; a minimum of 5 years experience in production control, purchasing, and scheduling, in a metal fabrication environment is a plus; at least 2 years of supervisory experience; demonstrated PC proficiency specifically with Microsoft Office, ERP systems, and Crystal Reports; and self motivated with the ability to multi-task in a fast paced environment.

In order to be considered for this position, interested candidates must submit a cover letter indicating salary requirements along with a resume to: [humanresources@unitedalloy.com](mailto:humanresources@unitedalloy.com).
